Introduction

The International Conference on Surfaces, Coatings and Interfaces - **SurfCoat Korea 2021** is a 3 days event to be held from **24 to 26 March 2021** in the **Songdo Convensia, Incheon/Seoul, Rep. of Korea**.

The conference provides a comprehensive overview of the state-of-the-art in the fields of surfaces, coatings and interfaces engineering, discusses recent advances and current problems, and points out the prospective development of the field. Contributions are expected to be in line with the surface treatments and coatings processes, and their properties/performance.

Conference topics

The **SurfCoat Korea 2021** conference topics include:

- Surface treatments and coatings deposition, functionalization, modelling and characterization,
- Interface and interaction science, adhesion and Adhesives,
- Multi-functional, composite/hybrid, graded and multilayers coatings,
- Smart surfaces and coatings, Self-healing surfaces,
- Surface nanoengineering, nano coatings and Ultra-thin films,
- Graphene coatings/films,
- Hydro-, ice- and oleophobic/philic surfaces,
- Tribological coatings, wear and corrosion protection,
- Cold and Thermal spraying (PVD, CVD, ...), thermochemical, Electro- and electroless plating,
- Surface engineering/ coatings in sustainable energy, conversion, optical,

The conference targets scientists, engineers, managers, innovators, and entrepreneurs. It will provide opportunities for the delegates to exchange face-to-face their novel ideas and experiences with the international experts during plenary & invited talks, oral presentations and posters sessions.

The **SurfCoat Korea 2021** will be organized jointly to:

- **Graphene Korea 2021**
- **Surtech Korea 2021 Expo**
- **Coatings Korea 2021 Expo**
- **ChemLab Korea 2021 Expo**

electric, photovoltaic and magnetic applications

- Bio-Interfaces, Biomedical/ Bioactive surfaces and coatings

In addition to the conference sessions, **focused sessions/symposia**, organized and chaired by highly ranked professors/researchers, will run in parallel and covering the following themes:

- Molecular Reaction on Surfaces
- Adhesives and Adhesion
- Thermal spray coatings
- Plasma Surface Engineering
- Corrosion and anti-corrosive coatings
- Tribological coatings
- Oxide surfaces and thin films
- Coatings in sustainable energy- storage and conversion
- Bio-interfaces: Biological surfaces and interfaces

Sponsorship Opportunities

Booth within Coatings Korea 2021 expo

One shell-scheme booth of 9 sqm with the following details:

- Raw Space Only. USD 2700 / booth.
- Package Booth. USD 3150 / booth.
