Introduction

Nanotech France 2023 brings together leading scientists, researchers, engineers, practitioners, technology developers and policy makers in nanotechnology to exchange information on their latest research progress and innovation.

Participants from the top international academic, government and private industry labs of different disciplines participate in Nanotech France 2023 to identify new technology trends, development tools, product opportunities, R&D collaborations, and commercialization partners. It is an excellent event for students to meet and discuss with lead researchers. The conference provides an unprecedented opportunity to discover innovation in the area of nanotechnology and new business opportunities. It is among the most important events in terms of international regulatory policies and it is open to the participation of private companies. The conference covers all frontier topics in nanotechnology. The conference includes plenary and keynote lectures, oral presentations, and posters sessions, presented by academicians and industrials. The 8th edition of Nanotech France 2023 will be organized jointly to:

- **NanoMatEn 2023**
- **NanoMetrology 2023**
- **GAMS 2023**
