Introduction

The **8th ed. of the European Graphene Forum – EGF 2023** will be organized in AlBufeira/Algarve - Portugal from the 25 to 27 October 2023. This event will cover the latest technology developments, applications, commercialization progress, end user requirements and challenges for Graphene and 2D Materials. Don't miss on this great opportunity to explore the graphene potential.

The **EGF 2023** will be organized jointly to:

- **SMS 2023**
- **NanoMed 2023**
- **SENSORS 2023**

and will feature:

- Plenary sessions with internationally renowned speakers,
- Industrial Sessions with focus on Graphene Commercialization,
- Extensive parallel thematic workshops,
- An International exhibition.

The conferences access is reserved for the registered participants (one registration allows the access to the four conferences).
